### MISS STURTEVANT'S FATHER GROWS DISCOURAGED.

Indications That She Was Trying to Evade Detection—May Have Worn a Wig.

There is one little incident in Miss Sturtevant's disappearance that has not been commented upon, but it is worthy of attention in showing that she wished to escape observation in her flight. The hat generally worn by her was a dark one in which was fastened a white wing or feather. Such an ornament, especially when worn by one of Miss Sturtevant's appearance, would have attracted notice anywhere. In fact, it would have been one of the exact points in the description of a missing person. It now transpires that this feather was taken from her hat and left in her room. This somewhat weakens the deranged mind theory as well as that of suicide. Anyone determined upon suicide, as a rule, is not particular about personal appearances.

That Connell's connection with the matter cannot be explained with credit to himself has now been conceded. He is credited with emphatically stating to his partner, Mr. Carlile, before he began rooming at the Sturtevant home, that he had no intention whatever of marrying the young lady.

The following from a Cincinnati paper, combined with the feather incident, might reasonably lead one to suppose that she used means to disguise herself:

"Dr. Edward Martin, of Loveland reported to the police that he had seen Miss Sturtevant on Fourth street Monday. He thought, however, that her hair seemed lighter than before, and it is an extraordinary fact that every person who has testified to having seen Miss Sturtevant here has described her as having light hair. Her hair is dark. The testimony of persons who were unacquainted with her has been discredited because of this discrepancy in description. That of Dr. Martin must stand, however, as he is well acquainted with Miss Sturtevant's appearance, and is positive in his statement that he saw her, recognized her fully and mentally noted the change in the color of her hair. It does not seem likely that the missing girl would disguise herself with a wig, but is not easy to reject Dr. Martin's testimony."

Mrs. Sturtevant has become so prostrated with grief and the nervous excitement consequent upon so many inquiries that the house at No. 427 West First Avenue has been closed to visitors and reporters.

Up to a short time before the DEMOCRAT goes to press, no additional details of any import had been made known. The DEMOCRAT has a representative at Columbus who will keep the readers informed of any positive information.

Mr. Sturtevant is very much discouraged and has almost abandoned hope of locating her.

### QUILTY PLAYS QUITS.

#### Family Troubles Cause Him to Take an Unceremonious Departure.

Ed Quilty, the tailor, sold his shop yesterday and left town this morning at 9:15, departing for the south.

His mother, Mrs. M. Casey, who lives at 313 West Fourth street, where her son also resided, was visited by a DEMOCRAT reporter and she apologized for her son's unceremonious departure by saying that he had left on account of family troubles.

"Eddie settled with all parties in Sedalia before he left," declared the old lady, "and departed in an honorable way. I don't know where he will locate, either at Fort Scott or Memphis, Tenn., but he wasn't decided which."

"The poor boy," the mother would sigh—"he's had enough trouble to drive him mad. I could not blame him for leaving a place where on every hand his relations were so unpleasant."

Quilty, it will be remembered, was the defendant in a successful divorce suit brought against him about a year ago, his wife alleging, in her petition, that he maltreated her without just cause.

"His troubles" had almost been forgotten, since the divorce, and he had worked up quite a handsome trade in the tailor business, which he conducted on Second street, between Lamine and Ohio, when his

woes were refreshed last Saturday night by his former wife's marriage. "This was more than Eddie could stand," averred his mother to the reporter, hence his departure.

### COLD AND FEVERISH.

#### A Machinist With Consumption Begging for Food on the Street.

James Thornton, a sick and penniless machinist on his way to visit his brother, John Thornton, at Omaha, was an object of charity on the street yesterday. He was just from Bellevue hospital, New York city, and is suffering from that terrible disease, consumption, the ravages of which were plainly visible in his pallid and emaciated face.

As he stood hungry and poorly clad, shivering with cold and fever, and leaning for support against a telegraph pole on Main street yesterday, a person was enabled to find a reason for the lines so often seen in the city papers—"Found—An unknown floater in the river last night. Body at the morgue."

### A MONSTER FOR KANSAS CITY.

#### An Elephant Larger Than Jumbo Lands in This Country Yesterday.

There will probably be through Sedalia in a few days an object that will be worth the sight of those who are known to get up at 2 o'clock in the morning to see a circus unroll.

There arrived in Jersey City yesterday on the steamship, City of Bangkok, from East Indian ports, a monster elephant. He is eleven feet and eleven and one-half inches high, reaching two inches above Jumbo, his lamented predecessor. The Pennsylvania line has contracted to furnish a large car and send this native of Indian jungles to Kansas City, its destination. The elephant is one of the finest specimens in captivity, and is said to be forty years old.

Kansas City is noted for her big things, "big heads," on Monday morning included, and has had a number of elephants on her hands during the past few years. This one however, brings his trunk with him and will doubtless be able to get out of town.

It is to be hoped, for the sake of Sedalia's small boys, that Rajah, the name by which his majesty has been christened, will come from St. Louis over the Missouri Pacific instead of the Wabash.

### A BIG BONANZA.

#### The Sedalia Mining Company Decidedly of the Opinion That Success Will Follow.

The members of the recently organized Sedalia Mining company were out yesterday looking over the ground where prospecting will be begun in a few days. They found brighter and more encouraging indications than they ever supposed had existed. The entire country around in that locality is supposed to be underlaid with immense deposits of coal.

The Missouri Pacific runs within half a mile of the coalfields, which will enable the company to run a spur direct to the mines with but very little trouble.

### Will He Blush?

Harry Phillips is doing the honors of steward at Hotel Kaiser to-day while his "old side partner," Frank Faulkner, spends Easter Sunday with his best girl at Hannibal and takes a walk on old "Lovers' Leap." Harry put one of the aluminum checks on Frank as a guarantee that he will be returned to Sedalia in case he loses his bearings.

### The Defendants Ahead.

The party of Lexington gentlemen who went to Warsaw a few days ago to attend the trial of Taubman versus W. P. Cousley and his bondsmen for failure in contract to build a house, returned home yesterday afternoon. The case was decided in favor of the defendants.

### To Head the Procession.

Chas. Conrad came up from St. Louis yesterday where he has been perfecting arrangements for the appearance of the Flambeau club at the A. O. U. W. celebration in St. Louis. It has not been definitely decided that the club will attend.

### A Kindergarten School.

Miss Gusta Cotton will open a kindergarten school at her home, corner Tenth and Kentucky streets, on the first of May. The school will be conducted on the morning hour system, thus enabling the children to be at home during the hotter part of the day.

### BUSTED BY ROOZE.

#### A Texas Editor Who Had Been Drunk Five Months—Robbed While En Route to Toledo.

A fairly well dressed but wretched looking man, aged about fifty, arrived at the union depot last night in a state of intoxication.

He said that he had been robbed of every cent he had at Denison and added that if he had sufficient money to telegraph his wife, he would soon secure sufficient means to continue his journey to Ohio. After surrendering the several passes he had as security, the money was advanced and the telegram sent.

Approached by a DEMOCRAT reporter a few minutes later the man related the following story: "My name is A. D. McNutt and I live at Colvert, Robertson county, Texas, where I own and edit the Courier."

I was born in Saline county, Missouri, and worked on the old St. Louis Republican years ago. My father, Dewitt McNutt, at one time owned 1,300 acres of land in Saline and was a member of the legislature two terms.

I've been drunk just five months and am on my way to Toledo where I go to visit my sister and sober up. Prior to this spell, I have not touched liquor for fifteen years.

During these years I have acquired sufficient means to pay for my printing office, buy a nice home and have a surplus left in the bank.

I don't know what made me jump the track, but I'll never touch another drop if I get out of this fix alive."

McNutt was quite an intelligent man and gave evidence of being well posted on all the leading topics of the day.

### A COAT OF ARMS.

#### Major A. J. Elliott Relates a Reminiscence of Kansas City in Early Days.

There were but few present at the old settlers' reunion at the court house to-day owing to some misunderstanding about the date.

A DEMOCRAT reporter was talking with Major A. J. Elliott, a well-known member of the society, and found him to be most interesting regarding the times when nothing but wild flowers, buffaloes and Indians covered the prairies of Kansas and the farther west.

Major Elliott was born in Howard county in 1819 and remembers to have seen at one time a thousand roving Indians around his father's house. He went to California in 1850 just because other people went and panned gold on Dry Creek, twenty miles from Sacramento. He crossed the plains seven times with wagon trains, using oxen instead of horses to pull the wagons. A trip generally occupied about four months and was made during the summer. On another occasion, he chased runaway negroes as far as Fort Kearney.

He utilized the Missouri river steamboats to a large extent during the days of their prosperity.

In speaking of the recent event by which the steamer A. L. Mason was almost wrecked at the Kansas City wharf, he said that in his time Kansas City was known as the best landing between St. Louis and Council Bluffs.

Mr. Elliott is possessed of quite an amount of dry humor. Kansas City was placed in a rather ridiculous light when her present greatness is considered. The major, with a twinkle in his eye, said that he "was in Kansas City when there was but one place to sleep in, a warehouse in the rear and behind that a solitary jackass." He remembers distinctly of going down over the bluff to gaze upon this discordant object of curiosity.

Here is a chance for the great city by the Kaw to strike a coat of arms, couchant or rampant.

### POLICE COURT.

Judge Rauck's court was held in the city hall this morning, on account of the house cleaning that is being done in the regular quarters.

Two negroes, named Thompson and Williams, were arraigned before his honor, the former for trespassing, the other for intoxication. Williams, who had two rocks in his pocket when arrested, was fined \$25, while Thompson was fined one-fifth of this amount. Both were put in the lockup and will fracture limestone.

### A Costly Horse.

Chas. Napton, a prominent St. Louis lawyer and Elk, was in the city to-day with George W. Royse, of Clayton, near St. Louis, for whom he was taking depositions

from a witness in a suit for a fine Pilot Temple mare. The animal is valued at \$300, but, it is estimated, will cost Mr. Royse about \$1,100 before the matter is settled. They left for St. Louis at noon.

### RESUCIDED.

#### Nat Bush Takes "Rough on Rats" and Ends an Unhappy Life.

Nat Bush, a colored man, brother of Fred Bush, a drayman in Sedalia, and formerly employed as a teamster by Joe Gossage, died at his home at Pleasant Green at 2 o'clock this morning from the effect of a dose of "rough on rats" taken with suicidal intent last Thursday.

Bush is said to have had continued domestic unhappiness and growing despondent concluded to end his life. He was about 40 years old and leaves a wife and two children.

The remains were buried at Pleasant Green.

The suicide is rather peculiar from the fact that colored people seldom commit suicide, being of a very sanguine and contented disposition.

### Will Visit Houstonia.

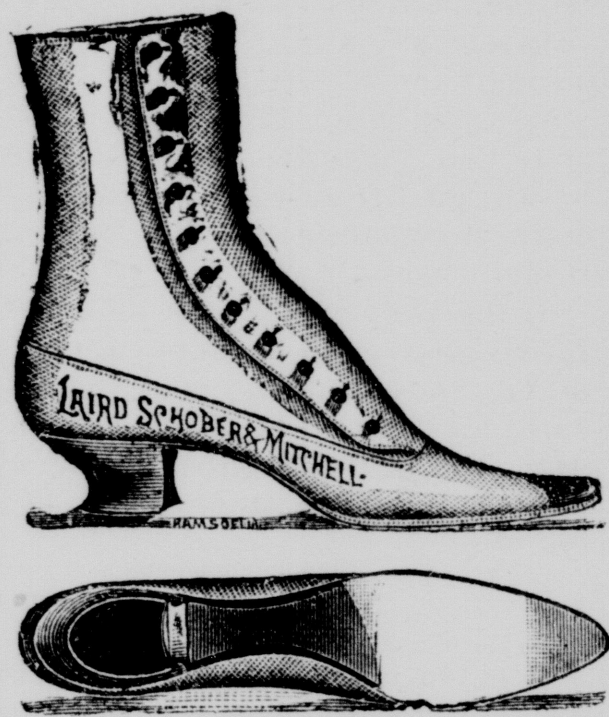

A number of the members of the Sedalia A. O. U. W., including Capt. T. C. Holland, Hon. Mont Carnes, Mr. W. D. Wallace and others, will go up to Houstonia this evening to visit the lodge at that place. An interesting and pleasant time is expected.

### Benefit Supper.

The ladies of Sedalia will give a supper and entertainment at the Ed Murphy club room Monday night, for the benefit of the local organization.

### FOR RENT.

Organs and upright and square Pianos for rent at John Stark & Son's, 505 Ohio st.

### ANOTHER ROBBERY.

#### A House Entered Last Night and Ransacked From Top to Bottom.

A sneak thief entered the house of Phil. Connell, No. 120 Emmett avenue, some time last night and succeeded in carrying off considerable booty.

A ring valued at about \$75 was taken from the room of Frank Eppenauer, a fireman on the north end, and \$40 stolen from Mr. Connell. Trunks and bureau drawers had their contents scattered in all directions over the floor.

The hall door was left open last night for Mr. Eppenauer and a friend who attended the theatre. It is supposed that the thief entered the house during their absence.

## A BUGLE'S NOTE

And Then a Rush For the Sisseton Reservation.

## THOUSANDS OF WAITING MEN.

From the Brush and From Every Conceivable Spot Bordering on the Reservation That Could Shelter Anything Sprang Homeseekers.

BROWN'S VALLEY, Minn., April 16.—The sharp, clear note of a bugle at noon yesterday, the almost simultaneous click of a carbine, then a volley from the whole far reaching line of cavalry as the signal was taken up and carried in a reverberating report to thousands of waiting men, a few more halting shots becoming fainter as the distance increased and the Sisseton reservation was at last open.

The military withdrew from the border and rejoined their companies. From the brush all along the shore of the Minnesota river, from ravines hitherto held to be unpopulated, from every conceivable spot bordering on the reservation that could shelter a man, horse or wagon there sprang hordes of homeseekers.

There were numerous altercations between rival claimants, but no blood has been shed so far as is known, and it is believed the deputy sheriffs and militia will be able to preserve order. In that locality many of the squatters began the erection of houses at once. A large number had houses already constructed on wagons, but the majority commenced settlement by digging excavations for wells and cellars or by plowing.

At Fargo, about 100 filings were made in the course of the afternoon. The first filing was by Rev. Mr. Van Horne, of the Baptist church. One lady had filed. She had hired a man to keep her place in line and was the fifth from the front. Presiding Elder Cooper, of the Methodist church, was also one of the applicants. The applicants are good natured and have respected the system of numbering applicants in line, and the files all got their applications in yesterday afternoon.

Watertown was deserted early in the day by all but the 1,000 men who had places in the line of files. A rush was made early in the day to crowd out the head of the line, but it was unsuccessful. Three thousand dollars was paid yesterday morning for the first place in the line. The party holding it has remained at the door of the lap office since last Saturday evening.

The 126th place sold for \$200. The opening occurred without a slip and without disturbance. Shortly before 12 a rope was stretched beside the line and a squad of militia and twenty policemen were stationed in a position to command the entire line. At exactly 12, Lie Stover, a local attorney, having purchased first place, was admitted and filed one declaratory statement and tendered the filing of 110 others, which were rejected. His business was completed in a minute and a half and No. 2 admitted.

At 1 o'clock 102 filings had been made and the speed was being constantly accelerated, so it is thought the entire line was through by night. Most of the attorneys are following Stover's plan and tendering all of their declaratories simultaneously, but a few tender only one and are found again in line at the rear. From first to last there has been no breach of the peace—a fact which indicates the splendid character of the new settlers.

There is an as yet unconfirmed report of the killing of a squatter in Grant county, but no particulars of this or any other serious trouble have been yet received.

Conservative estimates of settlers who went on the reservation yesterday are placed at 2,500, while others insist that 3,000 have located.

At 11:55 Capt. Ellis announced to the crowd of over 500 at Wheaton that he would fire the signal in precisely five minutes by his watch, and advised all to be careful and not run into each other.

At precisely 12 he fired the shot and the rush was on. From the boundary line to the bluffs, a mile distant, the land is level as a floor, with gradual rise toward the west, and it was across this plane that the pretty race took place. Of course those on horses soon left the others in the rear. One party was thrown out of his buggy at the start, and the team ran away, but a cavalryman caught the horses and the occupants were soon following the crowd.

By 1 o'clock nearly every landseeker that had made the start from Wheaton was holding a quarter section. It is claimed that a great number of those on horses that started from that point broke out on their claims from fifteen to twenty minutes from the time the signal was given. Every person that wanted a claim got one and there seems to be plenty of vacant land left.

## GOV. SEAY'S APPOINTMENTS.

Names of the Officers of the Six New Counties Who Have Been Commissioned.

GUTHRIE, Ok., April 16.—Gov. Seay has commissioned the following officers for the six new counties in the Cheyenne and Arapahoe reservation:

County E—Clerk, Thomas Kirtley; probate judge, Charles G. Masserly; sheriff, S. Mason; county commissioner, H. B. Fore.

County F—Probate judge, H. M. Carr; clerk, W. H. Hallett; sheriff, John H. McAvers; commissioners, J. D. Sterling, W. C. Dunbar; attorney, A. C. Givins.

nam; treasurer, Sat Rowden; register of deeds, John W. McCook.

County G—Probate judge, J. W. Cleveland; attorney, H. E. Vanivers; clerk, E. E. McPherson; register of deeds, J. J. Kennedy; sheriff, Charles F. Gorton; treasurer, S. J. Dyer; commissioners, D. W. Upchurch, J. D. Connelly, John R. Coykendall.

County H—Probate judge, H. A. Lamberson; clerk, George H. Bennett; attorney, J. C. Hoffins; register of deeds, A. S. Prather; sheriff, W. E. Thralls; commissioners, W. H. Murphy, Harry Little, William Jarvis; treasurer, Neal Ragland.

These men represent Oklahoma, Kansas, Missouri, Illinois and Iowa, and were chosen out of over 400 candidates.

## THE BILL COMPLETED.

That is for the Appropriations For Post Offices—The Sums Indicated.

WASHINGTON, April 16.—The post office appropriation bill was completed yesterday by the house committee on post offices and will be reported to the house in a few days. Its aggregate of appropriations is in the neighborhood of \$80,000,000.

The appropriation for the current fiscal year was \$76,997,222 and the estimates were \$80,323,400. The feature of the bill of chief interest is that section relating to foreign mails, included in which is what is known as the subsidy appropriation. The committee, however, did not endeavor to strike at the present law by withholding an appropriation for its execution as some people thought might be the case. Whatever action will be taken by the committee with reference to subsidies will be taken in a general bill and not in an appropriation bill.

For foreign mails the committee appropriated \$291,850 and in addition the unexpended balance in the treasury. The appropriation made for this purpose by the last congress was \$1,250,000. This amount was not based on estimates of the postmaster, but was the amount congress regarded as necessary to carry out the subsidy law. Fewer contracts, however, have been made than were estimated for by congress, so it is found that over \$400,000 of the appropriation is still in the treasury.

## KANSAS TEACHERS.

Second Day's Session of the Central Union Teachers' Association.

EMPORIA, Kan., April 16.—The forenoon of the second day of the Kansas Central Union Teachers' association meeting was principally spent in an inspection of the work of the state normal school and the system and methods of the Emporia high school. At the afternoon session Miss Fannie Riggs, of the Emporia public schools, presented an able paper on "Second Year Work in Music," and an interesting discourse on "The Bright Side of Teaching," was given by Prof. E. F. Taylor, superintendent of Wyandotte county. A paper was also read by Prof. L. C. Woster, president of the Emporia academy, on "Our Friends and Foes in the Animal Kingdom." The evening exercises consisted of papers by Prof. Stevens, of Wichita; Dr. Aaron Schuyler, author of "Schuyler's Algebra," etc., and by C. H. Nowlin, of Kansas City, Kan. The final session of this meeting was held to-day. Many prominent educators from all sections of the union are present.

## VACANT SEATS IN THE HOUSE.

The National Bank Bill Referred to the Committee on Banking.

WASHINGTON, April 16.—Whether in deference to religious sentiment or to the inclement weather, when the speaker called the house to order at noon the vacant seats far outnumbered those occupied.

The speaker laid before the house the house bill to promote the safety of national banks with the senate amendments. Mr. Bacon, of New York, in charge of the measure, not being present, a request was made that it be permitted to remain upon the speaker's table, but to this Mr. Bland, of Missouri, objected and upon his motion the bill was referred to the committee on banking and currency, which action, in the opinion of the advocates of the measure, means its defeat.

Private business was then proceeded with.

## METHODIST CHURCH SOUTH.

Election of Delegates to the Annual Conference.

HARRISONVILLE, Mo., April 16.—The district conference of the M. E. church, south, convened in this city and is having a harmonious session. Among the more distinguished visitors are Rev. Drs. Tigert, Rankin, Bishop, Alton, Brown, Whitten and Downing from Kansas City; Rev. W. T. McClure from Jefferson City; Rev. C. H. Briggs, agent of Central college; Prof. A. A. Jones, president of Central female college at Lexington; Dr. C. C. Woods, president of Scarritt college; Rev. S. W. Pope, of Chillicothe, and others. Among the more widely known laymen in attendance are Witten McDonald and W. H. Chick, and these two gentlemen were elected as delegates to the annual conference which will meet in Independence in September.

## Kansas Presbyterians.

ABILENE, Kan., April 16.—The Solomon presbytery, including the north-west quarter of the state, is in session here. Thursday was devoted to the elders' association. Papers were presented by E. W. Blair, E. M. Halbert, H. Bushnell, W. A. Roberts, A. K. Perry, T. A. Sawhill. About 100 prominent Presbyterians from the western part of the state are present. The presbytery began its sessions yesterday, the day being devoted to business connected with the church.

## CONDENSED TELEGRAMS.

Wisconsin will send a solid Cleveland delegation to the democratic convention.

The bill for the relief of the heirs of H. H. Sibley was discussed in the house yesterday, but no action had.

The Georgia republican convention elected the following delegates to Minneapolis: United States Marshal E. A. Buck, W. E. Pledge, R. R. Wright and W. W. Bowen.

written a letter stating that he is in receipt of a communication from Archbishop Ireland in which the latter states that there is no foundation to the report that he is to be made a cardinal.

A dispatch received from Rio Janeiro states that twenty-eight radicals, who are supposed to have taken part in the recent disturbances that resulted in the government declaring a three days' state of siege, have been exiled to the province of Amazonas. Eighteen other radicals have been imprisoned at Rio Janeiro.

Two unknown men were run over and instantly killed on the night of the 15th at Chicago by an incoming suburban train on the Chicago & Northwestern road near Highland park. The men paid no attention to the warning of the engineer, presumably thinking the signal was given by a freight train approaching them on an adjoining track.

## PITTSBURGH POISONING CASE.

Referring to the Cause of the Death of Police Superintendent Weir.

PITTSBURGH, Pa., April 16.—County Commissioner Weir, who is conducting the investigation into the cause of death of his late brother, Superintendent of Police Gamble Weir, was asked if the inquiry was to be dropped. He said: "We have no idea of letting this matter drop. Each day we are collecting evidence against the guilty persons that will eventually convict them."

"I will turn over all our evidence to District Attorney Burleigh and let him proceed the way he thinks proper. He has had full knowledge of what we were doing and he is in sympathy with us. Just what line of action he will decide on I cannot tell, but it will come out in time."

One of the mysteries connected with Superintendent Weir's death is the disappearance of his jewelry, of which he had considerable. It was thought this was buried with the body, but when the coffin was disinterred it could not be found, though a thorough search was made for it.

## Foul Play Feared.

KANSAS CITY, Mo., April 16.—Inquiries were received in this city last night regarding the whereabouts of Frank P. Clarke, superintendent of the Keeley institute at Excelsior Springs and formerly a well known newspaper writer of this city. Clarke left the springs for this city last Tuesday afternoon and said he would return to that place Wednesday. He had in his possession a little more than \$300 belonging to the institute. Coupled with the inquiries from the springs last night were expressions of fear that Clarke might have met with foul play.

## No Trace of the Train Robbers.

AMITE CITY, La., April 16.—So far there is no trace of the train robbers. The dogs brought from Jackson, Miss., were a failure. The sheriff of the parish did not organize a posse to hunt the highwaymen as reported. There is very little excitement over the robbery here, as the people do not care to risk their lives in attempting to capture the outlaws unless there is sufficient reward to justify them in doing so.

Bert Johnson, of San Francisco, defeated Dave Hatch, of Visalia, in sixteen rounds at the Occidental club, San Francisco. Both men are colored heavyweights.

The receivers of the San Antonio & Aransas Pass have refused to treat with Grand Chief Clark, of the order of Railway Trainmen. A strike is expected.

The Reading road has put its cars and repair shops on half time. Nine hundred men are affected.

Gov. Flower has attached his signature to the New York congressional apportionment bill.

## WORLD'S FAIR DIRECTORS.

No Loan Wanted From the Government, But What Money Received to Be a Gift.

CHICAGO, April 16.—World's fair directors Winston and Odell returned last evening from Washington. Mr. Winston says they had been in Washington but a short time when they discovered that congress would not vote money for stock in the exposition. Therefore he and his colleagues changed tactics and told Chairman Durburrow that a loan would be accepted.

"Not having time to consult the directory, we did what we thought was best," said Mr. Winston.

Vice-President Higinbotham, however, says the directory will not accept a loan.

"Chicago cannot afford to put herself in that position," he says. "If the government thinks it is not responsible for any part of the exposition's success, we shall have to go ahead and complete the work ourselves. We cannot afford to borrow from the government—that would take away the national character of the exposition and make it appear to be a private enterprise dependent on public bounty."

A meeting of the directory is to be held to-day, when the matter will probably come up for settlement.

## A Hanging at Tahlequah.

TAHLEQUAH, I. T., April 16.—John Waner was hanged here at noon. Last night he prepared a written confession. In August, 1891, he and three other men were riding along through the woods on horseback, when he dropped behind and emptied his revolver at George Daugherty, one of the company, killing him almost instantly. Daugherty possessed some strong evidence against Waner.

In accordance with the recommendation of the board of health the governor of Louisiana issued his proclamation of quarantine, to take effect May 1. All vessels arriving at the several quarantine stations in that state, together with their crews, cargoes and passengers shall be subject to inspection by the quarantine officers at said stations.

Grain exchanges all over the country adjourned yesterday in observance of Good Friday. There will be no market to-day at New York. The English markets will be at a standstill until next Tuesday.

Suits aggregating \$45,000 have been instituted at Chicago by the packing

## WILL NOT CHANGE.

The Former Land Office Ruling Adopted in Reference to Indian Lands.

## IN REFERENCE TO INDIAN LANDS.

What Commissioner Carter Has to Say on the Subject in Reply to Resolutions Adopted at Kingfisher, Ok.—Old Soldiers Must Be Present.

WASHINGTON, April 16.—The attention of Commissioner Carter was yesterday called to the series of resolutions adopted at a meeting at Kingfisher, Ok., protesting against the enforcement of the rules of the general land office, prohibiting persons from filing more than two applications at one time to enter lands in the ceded Cheyenne and Arapahoe country and directing that no application by mail be received. Mr. Carter said: "There has been no ruling changing the manner of doing business at local land offices. Speculation in public land always has been repugnant to the letter and spirit of the law of this country. Soldiers' declaratory statements, presented in good faith, give to the soldier

seemed to become material and turned into golden flakes, which fell as in a snowstorm. An angel handed this visitor a golden harp, and when she began in turn to play her music only turned to silver flakes. Immediately, in a fit of disappointment, she cast the harp from her and inquired of her attendant the cause of the failure of her harp to accord with the others. She was told it was because she was a Baptist.

Another told how she was also a Baptist, and that she in a vision went to heaven and found three walls of different heights surrounding the eternal city. With difficulty she surmounted the first two, but when she attempted the third she was foiled, and before reaching the top would fall back to the ground. For days she continued to make the attempt, and the angels at last came and told her this was the wall of revelation and no Baptist could enter. To surmount it she must join the Saints. She walked from her vision and fulfilled this command.

A brother told of his child lying at death's door. He in a vision went to God, saw God, and demanded in the name of the prophet, Joseph Smith, that his child be healed. When he awoke his child was well.

The following appointments of the missions of the twelve apostles have been made by the presidency as reported yesterday. These will act as general supervisors of the districts under their directions:

South Australian mission, including the Sandwich society and the South Sea islands, Elders H. C. Smith, of California, and Thomas W. Smith, of Missouri; European mission, Elders James W. Gillen, of Iowa, and Gomer T. Griffith, of Ohio; Rocky mountain district, Elders Alexander H. Smith, of Iowa, and Joseph Luff, of Independence, Mo.; eastern states, including Ohio, Pennsylvania, the Virginias, Nova Scotia and New Brunswick, Elder W. H. Kelly, of Ohio; Canada, Elder J. H. Lake, of Ohio; Michigan, Minnesota, Manitoba, North Indiana, Wisconsin and the Dakotas, Elder E. C. Briggs, of Iowa; Iowa mission, central and southern Indiana and Illinois, Elder Joseph R. Tumbert, of Iowa; Kansas, Nebraska, New Mexico and eastern Wyoming, Elder James M. Caffall, of Iowa.

The following officers were ordained: C. E. Butterworth as counselor to the president of the high priests' quorum; Alfred White as president of the first quorum of elders. A second quorum of seventy was organized and the members ordained. President Smith has decided that as it is impossible for the presidency to go to England for the purpose of ordaining Elder Thomas Taylor, of Birmingham, England, as the bishop of the English church, and Elder Taylor cannot come to this country at the present time, his ordination will have to go over until next year. The envoys to the English church will look this matter up and see if the establishment of a bishop in England is necessary.

Returned to His Wife. MARIETTA, Ga., April 16.—Alfredo Barili, nephew of Mme. Patti, and his wife have arrived here and are living together at the hotel. This is the sequel to the suit which was filed at Kansas City a few days ago in which Barili was sued for damages for alienating the affections of the wife of Dr. Horine, of Chicago. Barili had deserted his wife here, but this trouble brought about a complete reconciliation.

**Entertain Their Pastor.**

The members of the First Methodist church gave a reception to their new pastor, Rev. A. R. Cronce and family, at the church parlors, last night. The reception rooms were crowded and everybody made to feel that it was a family gathering.

Rev. Dr. Jones made an address of welcome and was responded to by Rev. Cronce in a happy and appreciative manner.

A nice supper was spread and everyone invited to partake of the good things prepared by the ladies.

**A Fine Badge.**

Conductor George W. Ferrell is ornamented to-day with a handsome shrine badge. The emblem is a very costly one, and George may well be proud of it. The pendant is a crescent of tiger claws bound in solid gold. From the center of the crescent is suspended an elegant diamond.

### A FINE PROGRAMME.

A Large Audience Will Honor Riley By Their Presence.

The DEMOCRAT is in receipt to-day of the programme to be given on the occasion of the appearance of James Whitcomb Riley, the poet, at Wood's opera house on Tuesday, the 19th. A more enjoyable entertainment could hardly be imagined.

When people have an opportunity of seeing a great and famous man they should never fail to embrace the opportunity. Particularly is this true of the boys and girls. Parents should take a pride in having the young people see men who have become famous in the annals of their country. How tenderly is cherished the memory by those who in the days past were fortunate enough to know Fitz Green, Halleck, Cooper, Poe, Thoreau, Margaret Fuller and countless others who have long since passed to their rest.

One of the things that gave Bancroft a particular pleasure was the fact that he received an original copy of Don Juan from the hands of Byron himself at Jena.

Below will be found the programme:

MOREY & CRAWFORD.

### MR. GENTRY'S FRIENDS.

Then Adorn Their Lapels With Satin Badges.

As earnest loyalty to the gentleman, a large number of Hon. Dick Gentry's friends have adorned the lapels of their coats with elegant badges made of satin, bearing the popular candidate's likeness on one side. Underneath the picture are the modest words R. T. Gentry, democratic candidate for state treasurer. Not every one of the gentleman's friends are wearing these emblems, for if they did satin throughout Central Missouri would soon be advanced to a premium.
